1. An unidentified infantry unit and an unidentified artillery unit are currently stationed at a monastery approximately 10 kilometers east of Troyan. The artillery unit is armed with approximately 20 horse-drawn field pieces mounted on rubber wheels, and the infantry troops are armed with Bulgarian-model Mannlicher rifles.

There is an airfield approximately 5,600 square meters in size located three kilometers north of Lovech, with a runway 60 meters long and 20 meters wide. Informant observed approximately seven triple-ensine aircraft based at this field. There are also 20 barracks, housing approximately 1,500 troops, located at the field.

A hydroelectric power station, located south of Vidino viriage in the Proyan district, was constructed and began operating sometime in early 1950.
